Communication of measurements of inflation and consumer prices

In October 2008 and February 2009, the Statistics Authority set out its plans for future Monitoring Reports, including its intention to prepare and publish a Report on the *Communication of measurements of inflation and consumer prices*.¹

The statutory Assessment of Retail Prices Index and Consumer Prices Index statistics produced by the Office for National Statistics began in April 2010. The Statistics Authority will consider what further steps might be taken in the preparation of a Monitoring Report in this area in the light of the outcome of this Assessment process.

Comments are welcome and may be sent to authority.enquiries@statistics.gsi.gov.uk
