Hi

In a recent guardian article, the Minister for policing said that this government had reduced cannabis use, but the article showed that all of the reduction had happened under the previous government. This seems to be a clear abuse of statistics, and quite wrong. The article is here: [http://gu.com/p/4dd89?CMP=Share\\_iOSApp\\_Other](http://gu.com/p/4dd89?CMP=Share_iOSApp_Other)

Thanks
