Dear Roger

ASSESSMENT REPORT 256: STATISTICS ON THE SCOTTISH SAFETY CAMERA PROGRAMME

I am grateful for the continued engagement of your staff, including those at Transport Scotland, relating to these statistics since the publication of the assessment report in July 2013. I am also encouraged that since the review of the Scottish Safety Camera Programme in 2014, you have been working on your data systems.

In the light of the time elapsed since the assessment and the likely changes to the statistics, I consider that we should formally close down our follow up to this assessment and await further developments. Once you have firmer publication plans for statistics on safety cameras, please get back in touch so that we can consider how we can resume our assessment activity in this area.

Yours sincerely

Ed Humpherson
